Dear Sir/Madam

Please note in order to progress your registration application HM Land Registry have requested an Ordnance Survey surveyor visit to the property to obtain information to update our records. This survey is being carried out to enable the application to be fully considered.

However, if access is not freely available the Ordnance Survey surveyor will seek permission in person or by telephone before entering the site. If the application contained contact details, we will have passed these on to Ordnance Survey with the survey requisition. If the surveyor is unable to complete the survey/inspection they may attempt to arrange a convenient appointment or revert the survey back to HM Land Registry to progress.

Therefore, there is no need for your client(s) to be present or for an appointment to be made.

We have informed your client(s) separately of the surveyor's proposed visit.

This letter does not require an acknowledgment. Thank you for your co-operation.
