Categories: tree

Dear Sir/Madam,

With reference to the Yew tree the overall height and size will be reduced by 1 metre. A few branches on the right hand side will be reduced by 2 metres as these are hanging much lower and is required to maintain the shape of the tree, these can be seen in the photograph provided. Reduction is required as the tree is in the side part of the garden close to the house and upper branches are almost touching the house and blocking light.

Regards,

Garry Howe.
