This message has originated outside of the Brymor network. Proceed with caution if it contains links or attachments.

To Whom it may Concern:

Ref - Kestral way – Plan/2019/0573

We can confirm that McLoughlin Groundwork Ltd were the groundwork/civil engineering contractor that carried out all of the earthworks, foundations, drainage and external works at the Kestral way site. We were on site with a continuous presence from the start of the project in March 2019 until the handover and completion in February 2020.

During all the construction works we carried out we can confirm that no ground contamination was found and no signs of contamination were discovered as a result of our works.

If we can be of any further assistance then please don't hesitate to ask.

Kind regards

Tony McLoughlin
