4th January 2021

Dear Sir/Madam

TOWN AND COUNTRY PLANNING ACTS – RECEIPT OF APPLICATION

LOCATION: 58 Chelsea Road, Southsea, PO5 1NJ, ,

PROPOSAL: Loft conversion and construction of rear dormer (20/01099/HOU)

Application Type: Householder Planning Application

An application for the above proposal was valid on 4th January 2021, **please contact the case officer immediately if you consider the location or description shown does not accurately describe the proposal.**

I hereby acknowledge receipt of the fee of £206.00 which was paid by . The receipt number is .

Please be aware that during the current lockdown (beginning 5th November 2020), in order to maintain the safety of our officers and the public our ability to undertake site visits in person is limited. In order to fulfil Statutory obligations, where a Site Notice is due, we will be sending these directly to the applicant to put up.

In order for us to evidence that the statutory publicity obligations have been complied with, please could you take a date stamped photograph of the site notice in situ and email it to your case officer. Please also state the exact location of the notice, as it is may not be obvious from the photograph(s).

While a physical site visit may be considered necessary and some inspections can be carried out safely from the public realm, the Case Officer may also ask you to provide photographs of the site, so that the Local Planning Authority can reach an informed decision on your proposal. Or, we may ask for a 'virtual' site visit or video, to properly assess the proposals.

If you do not receive a decision notice for this application by 1st March 2021 you may appeal to the Planning Inspectorate unless you have agreed in writing to allow the City Council a longer period to decide the application. We will aim to determine your application within that period. *However, the Council's Development Management*

service has made revisions to its own consultation and engagement process by changing the formal statutory consultation period for inviting comments on planning applications, from the statutory minimum 21 days (3 weeks) to 42 days (6 weeks). It is recognised that, at this time, there are concerns that individual householders may be less likely to be aware of planning applications in their neighbourhood due to their inability (particularly if they are self-isolating or shielding) to leave their property and view site notices. Furthermore case officers (including specialist consultees) may need to undertake case by case risk assessment prior to undertaking any site visit to ensure the protection of their wellbeing and others. These revised processes will be reviewed as lockdown restrictions become relaxed or removed.

*Also, given the on-going social distancing requirement, the Case Officer may need to contact you to make arrangements for either a controlled site visit, or other means of assessing the site if social distancing cannot be achieved at this site. This will also add to the time the application will take. **As such, please could you agree in writing to an extension of time to 8 weeks from the date of this letter?***

It is now our practise to determine applications on the basis of the information as submitted. Further amendments will only be accepted if the application can still be determined by the date shown above. This may not be the case if the changes to the application require re-advertising

As this is a householder application relating to development of an existing dwellinghouse, **in the event of an appeal against a refusal of planning permission** using the Householders Appeals Service, you are reminded that you must begin the process within **twelve weeks** of the date of the decision

Before we publish planning documentation on our website, we will take all reasonable steps to remove personal (not business) telephone numbers, email addresses & signatures from planning applications.

It is important that you carefully read the enclosed 'Notes Relating to Your Planning Application' which includes important information relating to the procedure for submitting an **appeal**.

If you require further information or disagree with the described location and proposal please contact Cris Lancaster on 0121 234 1300.

Yours faithfully

Cris Lancaster

DEPUTATIONS

In addition to expressing views in writing, the city council allows members of the public, including applicants (or their agents), to address the Development Control Committee when a planning application is to be considered by the committee. This is known as a deputation.

However, to enable the city council to provide a speedy and efficient service and to determine as many applications as possible within 8 weeks (13 weeks for major applications), the Assistant Director - Planning and Economic Growth is authorised to determine many types of applications.

If you or your client wishes to address the committee please contact Development Control Administration - telephone (023) 9283 4339 at the earliest possible time, for full details of the deputation procedure. An answerphone is available on this number outside office hours. You can also contact them by e-mail - planning.reps@portsmouthcc.gov.uk.

Please be aware that during the current circumstances, people will not be able to attend Committee, instead they will be held virtually.
