Comment:[COMMENT CONTINUED]

- The scale of the building works will have a huge impact on the street and family life. Currently, a lot of residents must work at home and the children have to be home schooled. This will be made significantly more difficult with the level of noise and general disruption brought on by such a project. We are also concerned about the impact of the reverberations from the works on our house.

We would like all of these points to be addressed before anything is moved forward.

Many thanks.

Kind regards,
