Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This application is no different to the previous which was rejected on outside of the planning policy. So what has changed? The site still has complete lack of road access with narrow roads in either direction. There are no local jobs so there will be probably be two cars at each house so 200 plus car journeys on and off the site every day passing the doors of those already there. Even more with deliveries. None of the planning approved seems to be prompting any new electric phone or water improvements. Water pressure in the village is already low of a morning. Houses built on chapel close were affordable at £180,000 which is out of the range of many who also need to run two cars to go to work. Why not build something to help older people stay in the area and sell their houses to families
