Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This planning proposal would be disastrous for this wonderful village!

Forton is renowned for its countryside feel which is increasingly becoming tarnished due to building and extra housing and will soon become almost a town which in many ways this small village simply cannot handle.

The village and its residents are massively proud of such a beautiful cricket ground and it is widely recognized as one of the nicest, most picturesque grounds in the area.

More importantly the dangers that the planning would encourage are a real worry as Forton and especially in this part of the village is enjoyed by regular walkers, cyclist and some horse riders, having said this i believe the levels of danger are high enough already with the small roads that the village possesses with minimal pavements.

The roads are surely noticed as single car lane and will not be able to handle increased traffic.

To add to this School Lane has become increasingly dangerous over the past few years due to extra housing and more residents and cars in the area where lets not forget there is a local primary school.

I strongly object to the application as i believe the consequences would become issues as stated becoming uncontrollable and ultimately ruining the village.
