Address: Not Available

## Comment Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: Due to the area full of HMO properties I wish to appeal against this application. There are so many problems with drugs and anti-social behaviour of which has been reported by myself and other neighbours the council. I already feel intimidated walking down the street, I love the grove where I live and feel we need more families to make it feel more of a community rather than a drug and alcohol haven. This also has attracted more and more unsavoury people to the area. Plus all the rubbish on the pavements and the road as they don't adhere to recycling rules set by the council.
