Hello Mr Savage , I submitted a few drawings along with the application to discharge of conditions 21/00009/CONDET.

It has come to my attention that the drawing we have of the doors and windows has a mistake on the drawing sent by the supplier . It shows that the folding doors have a central column which reduces the central door leafs measurements . This is not the case and all the door leafs are of equal measure with no central post . Could this be added as a note to the application please and the design concept to be taken from the drawing . Thank you .
