

SHIPBOURNE PARISH COUNCIL

Dear Andrew

Please see our comments below:

20/02927/LB & 20/02926/FL - Yew tree Cottage

This building is of high significance within both the Conservation area, and historically within the culture and history of the village.

1. It does not appear from the planning application that the exterior changes will challenge the fabric of the building or the elements listed in the Historic England listing Details:

TQ 55 SE 3/24

*SHIPBOURNE UPPER GREEN ROAD (north side) Shipbourne Village Hall and Yew Tree Cottage
Red and grey brick ground floor, framed first floor, with some brick to left of centre. Right-hand infilling of plaster with some curved braces, left-hand rendered. Hipped tiled roof with one almost central ridge stack and one end stack to north. Two storeys; irregular fenestration of C19 casements and glazing bar sashes. Door to Yew Tree Cottage almost central with flat hood on brackets. Village Hall at left-hand side has gabled weather-porch with boarded door and large sash to left.*

2. It appears not to challenge the amenity and its historic significance in the Conservation Area.

We have no objections to the applications.

Sarah Huseyin

Parish Clerk
