FIG 1

APPROVED FLOOR PLAN FOR APPLICATION PLAN/2019/0290 = 84.5 sqm

FIG 2

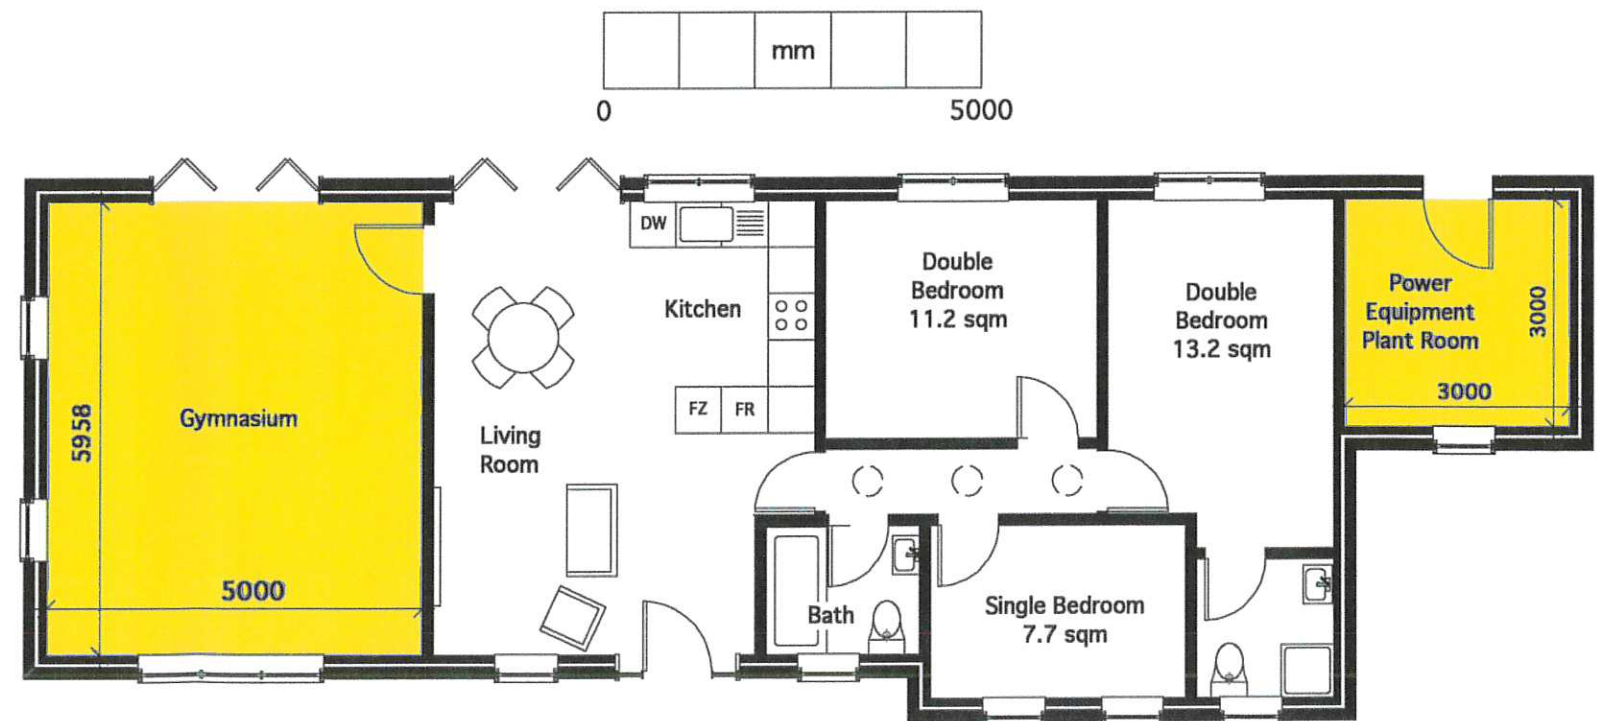

RECONFIGURED FLOOR PLAN = 84.4 sqm

## PROPOSED FLOOR PLAN

The proposed floor plan below shows the approved 84.5 sqm approved floor plan under planning application PLAN/2019/0290 (FIG 1) reconfigured into a new layout maintaining the same floor area (FIG 2), then having a proposed addition of a Gymnasium Room and a Plant Room to house the renewable and 'Grey Water' recycling technology required.

Due to the low level of the roof apex (approved under planning application PLAN/2019/0290), it is impossible to use the loft void to house the power and recycling technology due to the limited space available this is why there is a need for a plant room.

PROPOSED FLOOR PLAN with Gymnasium and Plant Room added = 130.3 sqm
