

John Trim
Old Station House,
Woodgreen Road,
Breamore
Hants SP6 2AB.

Application 20/11467,
Site of The Old Railway Station
Breamore SP6 2AB.

In regards to the planning application
for change of use, for
The Old Railway Station.
When the building was renovated
from almost derelict it was
stipulated it would only be used
for an office or workshop with
restricted hours of use.

My objection is that both of our buildings are joined into one septic tank as they were both Railway property's if the Old Railway Station becomes a private residence it will produce more waste water than it does at present

I believe it should have a separate tank

So I object to the change of use.

Yours faithfully
