***NB: Due to the Coronavirus epidemic, you may be contacted directly by a representative of the authority asking you to post a site notice in relation to this case. In some cases this is required by statute and for other cases it is a key component of the authority's engagement policy. Failure to display a statutory site notice for the prescribed period may nullify any decision on the case and therefore your full cooperation will be greatly appreciated.**

This proposal is within the South Downs National Park. The notification will be dealt with by Winchester City Council, acting as an agent for the South Downs National Park Authority (SDNPA), unless it is to be determined, or 'called in', by the SDNPA. If this happens you will be notified accordingly. Further details regarding the agency agreement can be found on the SDNPA website at www.southdowns.gov.uk.

This notification was made valid on 12 January 2021 and given the case reference of **SDNP/21/00119/TCA**, which you should quote in all correspondence relating to this case. The description of your notification may have been amended. Please contact the Case Officer dealing with your application, **Ivan Gurdler** on **01962 848 403** as soon as possible if you have any objections. If the notification is found to be invalid, you will be advised as soon as possible.

If a formal decision has not been issued by **23 February 2021** you may proceed with the work, within two years of this date, unless the South Downs National Park Authority subsequently serve a Tree Preservation Order.

Yours faithfully
