Dear Erika,

Further to your letter, please see my responses to comments 1, 2 and 3 from your letter (your ref: NE/21/00001/FUL):

- 1: I confirm I accept the amended description as set out in the letter.
- 2: The proposed conservatory is not part of this application. A note has been added on the drawing to clarify this (see attachment).
3. Dimensions including relevant boundary dimensions are now included in the amended drawing (see attachment).

The amended drawing 53 FD 001 B is attached.

Please let me know if you have any further comments or if these address the comments outlined in your letter.
