Thank you for the opportunity to comment on this application.

Environmental Protection have no objections in principle to this application. However, Construction work does consist of noisy elements that are likely to have an impact on the nearest residential premises. As such I recommend a condition limiting the construction hours to:

Mon- Fri 0800-1800, Saturdays 0900-1300, with no working on Sundays or public holidays.

Reason: To protect the existing residential amenity.
