

Existing Bar Arrangement
(Bar Store Elsewhere)

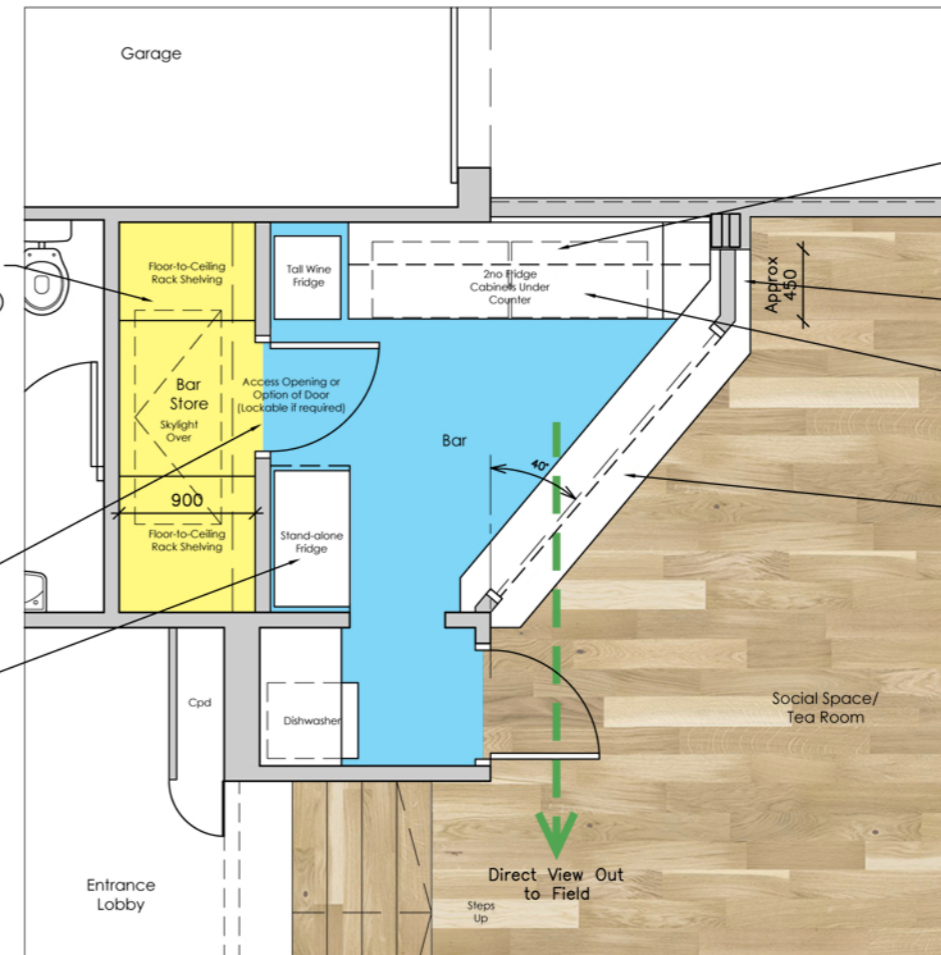

New deep rack shelving from floor to ceiling both sides giving increased storage area compared with existing store (Approx 1.4m² per shelf level)

Third stand-alone fridge can be incorporated within new bar arrangement

Extent of useable area of floor space sacrificed to achieve new bar arrangement (Approx 1.2m²)

Access to new bar store area could be simple opening or closed off with door (which could be lockable if required)

Third stand-alone fridge can be incorporated within new bar arrangement with new shelving over

Proposed Bar Arrangement
(Bar Store Incorporated)

New shelving over for spirits, glasses, trophies

New angled bar arrangement detailed into first boxed column position

Existing bar counter and 2no stand-alone fridges rotated to side wall

Existing bar counter, front, shutter opening all rotated and reused to form new angled bar arrangement

Improving Connectivity of Bar with Bar Store

Other Improvements include Third Stand-alone Fridge within Bar Area and View Out to Field
