

Consultation Approach

List of Appendix Documents

- Appendix A** The Registry residents consultation letter
- Appendix B** The Elm Grove Library and Kingsway House residents consultation letter
- Appendix C** The Registry list of addresses consulted
- Appendix D** The Elm Grove Library and Kingsway House list of addresses consulted
- Appendix E** Summary of responses received from the Have your Say Website consultation

1.0 Introduction

- 1.1 In September 2020 an application for temporary change of use of the Registry and Elm Grove Library premises to interim accommodation for the homeless was submitted, for a period until 31st July 2021. These applications (Elm Grove Library: Ref 20/01021/FUL) (The Registry: Ref: 20/01009/FUL) are undetermined at the date of the submission of this application.
- 1.2 Throughout the consideration of the temporary change of use applications statutory consultee responses have been considered and planning officers informally consulted about the intention to submit a further full application to consent to the change of use for interim accommodation for homeless use, as a permanent change and not time limited.
- 1.3 In response to informal engagement with the City Council Planning Officers and statutory obligations, a decision was taken that despite Covid restrictions to public movement, an online and remote consultation on the permanent change of use should be undertaken prior to submission.

2.0 Approach to consultation

- 2.1 Resident responses received to the temporary applications, as referenced above, have been monitored during the consultation and consideration of the applications and at the date of submission no formal responses from neighbours, residents or the local community/businesses have been received against The Registry.
- 2.2 At the date of submission one formal objection has been received against the temporary change of use for the Elm Grove Library from the owner of a property opposite the Premises (138 and 138a Elm Grove) citing issues with rough sleeping at the rear of Kingsway house and historic issues with unauthorised access to the rear of the property.
- 2.3 In response to this concern, having an increase in the number of beds available to non-priority homeless cohort in Portsmouth at Elm Grove Library and Kingsway House will reduce the likelihood of historic rough sleeping occurring in this location. Additionally, increased staff presence and CCTV/security monitoring of the area will also act as a deterrent to anti-social behaviour that may have been experienced in the past and will be monitored by the support staff teams in the adjoining streets and spaces.
- 2.4 With the exception of the Hampshire Constabulary, no other formal statutory consultee responses were received against either temporary application at the date of submission.
- 2.5 A list of statutory consultee addresses was provided by Planning Officers and these consultees were sent a letter to inform them of the intention to submit a full application to permanently change the use of each of the premises. A website address was provided in the letter to invite consultees to review the key planning documents and submit feedback comments on the applications. A copy of the letter for each premises is appended at **Consultation Appendix A** for the The Registry, **Consultation Appendix B** for The Elm Grove Library and Kingsway House.

- 2.6 A list of the addresses that were written to comprised resident and business addresses and are appended at **Consultation Appendix C** for The Registry, **Consultation Appendix D** for The Elm Grove Library and for Kingsway House. A total of 452 addresses were consulted for The Registry, 1491 addresses were consulted for the Elm Grove Library and Kingsway House.
- 2.7 The letters were sent by post to all consultees on Friday 20th November 2020 and it is anticipated that they would have been received on Tuesday 24th November 2020.
- 2.8 A website was created at the following website address <https://www.portsmouth.gov.uk/services/council-and-democracy/your-say/accommodation-for-rough-sleepers-have-your-say/> providing key detail about each premises and the intended change of use of the sites. A screenshot of the website is provided below:

The screenshot shows a web browser window with the URL [portsmouth.gov.uk/services/council-and-democracy/your-say/accommodation-for-rough-sleepers-have-your-say/](https://www.portsmouth.gov.uk/services/council-and-democracy/your-say/accommodation-for-rough-sleepers-have-your-say/). The page title is "Accommodation for rough sleepers – have your say". The main heading is "Have your say on accommodation for rough sleepers" with a "Give your feedback" button. The text explains the council's strategy to address homelessness and proposes applying for planning permission for permanent accommodation. It states that individuals using the accommodation will be on licence and agree to be part of a pathway to more permanent accommodation. Support will be provided 24/7 and a security firm will be employed during the setup of the premises. The text mentions three sites: The Registry, Kingsway and Elm Grove Library. A "Website introduction of consultation page" link is provided. On the right, there is a sidebar with "In this section" containing links to "2021-22 budget consultation", "Accommodation for rough sleepers – have your say" (highlighted), "Budget consultation thank you", "Complaining about a councillor", "Complaints", "Coronavirus survey", "Have your say on the new council website", "Petitions and e petitions", and "Victoria Park – have your say". Below this is a "Recent news" section.

Website Kingsway Plan provided

Kingsway - planning statement

Elm Grove library

Website Elm Grove Plan provided

Elm Grove library - planning statement

The Registry

Website The Registry Plan provided

- 2.9 A draft copy of the planning statement for each premises was available to view on the web page. Visitors to the webpage were able to submit responses to the consultation directly from the webpage. No questions were asked about the application but consultees could submit general comments in a free text field.
- 2.10 The website was live from 24th November 2020 and the opportunity to fill in the feedback form was taken down on the morning of Monday 7th December, consultees had 12 days to submit formal responses for consideration on the website.
- 2.11 Feedback submitted via the website was captured in a live link spreadsheet. Responses received have been provided at **Consultation Appendix E**.
- 2.12 Additionally support agencies have been approached for comment about how the operation of the Elm Grove Library and Registry premises has impacted on service delivery and any observations. These responses have been captured and provided in Section 4.
- 2.13 The Housing Cabinet have continuously been briefed, consulted and informed of the Homeless Pathway approach and temporary and future use of premises used in the provision of homeless accommodation during the Covid pandemic. Copies of the agenda

and minutes of these meetings can be found at **Appendix C-E** of the Management and Operational Statement.

2.14 Additionally a dedicated task force of Officers and support agencies was formed to consult and manage the provision of accommodation services for the homeless during Covid, which has informed the need for these applications. The agendas and minutes of these meetings can be seen at **Appendix F-K** of the Management and Operational Statement.

3.0 Responses received

3.1 A total of 18 consultee responses were received from the 'Have your say' website. The responses were received from residents and businesses with the majority arising from the Elm Grove area.

3.2 38% of responses received were positive and in support of the change of use. 62% were against the use of the premises and negative.

3.3 The key issues can be summarised in the below table:

Positive Responses	Negative Comments
Support the use for homeless individuals (7)	Concerns over increases to theft (3)
Advocating engagement received (1)	Concerns of anti-social behaviour including drug/substance misuse (7)
Requesting details about support services (2)	Inappropriate location (3)
	Accumulation of cohort in an area (3)
	Impact on business and regeneration of high street (3)
	Impact on safety/security (3)

3.4 The responses received did not highlight any material planning considerations and did not highlight any concerns that had not already been anticipated and no changes have been made to the application because of the consultation.

3.5 In response to the themes identified in the negative responses a Management and Operational Statement has been submitted with the application and further details about behavioural expectations are provided as part of **Appendix N (Rules of Occupation)** of the Management and Operational Statement.

3.6 In response to the request for further information about the role of support services and how individuals are supported additional information can be found in **Appendix Q (Roles and Procedures)** of the Management and Operational Statement.

3.7 How the accommodation location has been identified, details about alternative sites considered and responses/engagement received from support services is detailed within **Appendix L (Impact assessment consultation)** of the Management and Operational Statement.

4.0 Support Service Provider comment and engagement (taken from **Appendix L** of the Management and Operational Statement.)

4.1 The following organisations and Council departments were asked about their views on the proposed locations both before the start of September, and at the end of November after the interim accommodation had been used for two months.

4.2 Police

Prior to interim use

The Registry, 1-2 St Michaels Road, Portsmouth PO1 2EE

4.2.1 *There is a LGBTQ+ establishment near-by. The centre of the UoP with 26,000 students including international students arriving. A thriving Night-time economy. A busy strategic road network encompassing the establishment. There are a number of very strong voices from community members and business owners who live immediately in the vicinity.*

Elm Grove, Portsmouth, Southsea PO5 1LR

4.2.2 *There are a fine mix of residents and shops in a culturally healthy and vibrant area of the city. There are a number of very strong voices from community members and business owners who live immediately the vicinity. This area has high footfall and vehicular traffic with little room for congregation.*

4.2.3 *The City faces the need to home our most vulnerable, a challenge with many complexities. A detailed community engagement needs and impact assessment is of most importance if we are to understand the problem space in detail. There are many positive human stories to be celebrated from this project; there are many successes in terms of collaborative working, problem solving and pioneering work in terms of safety and security. Yet if any future project is to be successful we must truly learn the lessons from our combined experience and navigate future challenges with open eyes and a desire to look into our organisations and find combined solutions to seek to achieve “getting it right’ at every tier of complexity.*

After two months of interim use

4.2.4 *Although we haven’t reviewed all the occurrences in detail, the majority of the calls to service are within the premises – arguments between residents or theft by one resident on another. Disturbance and reports by neighbouring properties are few. Without the provision and the wrap around services life chances of the residents are greatly reduced and potentially disturbance within the community would increase.*

4.2.5 *Our designing out crime officer has submitted a comment based on learning from provisions in other areas. I spoke to him to outline the partnership working and the intention of the premises and support running alongside it.*

4.2.6 *We are fully supportive of the provision and happy to see how we can minimise the impact of antisocial behaviour by residents. There is obviously going to be inappropriate behaviour but that behaviour would be magnified if the provision didn’t exist.*

4.3 Public Health

4.3.1 *The Registry is considered a good city centre location with limited residential near it.*

4.3.2 *Elm Grove used to be the base for the old substance misuse service before 2013. There may be more issues and complaints from local residents in this*

site, but this is not necessarily a reason to not go ahead. The main substance misuse service, the Recovery Hub is also on Elm Grove, which already gets blamed for any incidents on Elm Grove involving homeless / drug users etc. It would certainly make accessing the service easy for the future residents.

4.4 Community Wardens

Prior to interim use

Registry

- 4.4.1** *Location better than Ibis Fratton Portsmouth due to the lack of residential properties overlooking the site and fewer numbers accommodated.*
- 4.4.2** *Risk that it is close to a busy road junction and access of emergency vehicles such as ambulances potentially attending on a regular basis may be problematic.*
- 4.4.3** *Risk to residents who may be under the influence of substances wandering into the road*
- 4.4.4** *Having a robust eviction process for those responsible for breaching accommodation rules or causing ASB in the community such as begging is put in place.*

Elm Grove

- 4.4.5** *Location presents a risk as it is in an area with residential and retail close by. However there will be less residents at any individual premises compared to previous hotels.*
- 4.4.6** *Similar risk of it being close to a busy road that residents may impact on traffic if under the influence (however aware there are several public houses in the area so that would pose a similar risk anyway)*
- 4.4.7** *Having a robust eviction process for those responsible for breaching accommodation rules or causing ASB in the community such as begging is put in place.*
- 4.4.8** *Whilst there are concerns about the current options and the importance of mitigating risks, having a robust eviction procedure, which for other reasons have not really been in place for the previous hotels, is vital as we move to the next stage.*

After two months of interim use

- 4.4.9** *Demand placed on the City Council's community warden and CCTV team has been low to date at both sites. Therefore we would not see an issue with extending these projects.*
- 4.4.10** *The only observation would be the potential for an increase in incidents if the security is removed. However we do not have access to the current demand placed on them so understand that information will form part of the rationale to scale back on the security resource.*
- 4.4.11** *The community wardens are continuing to engage with some residents of these properties who continue to beg or be responsible for ASB in the community but they will work with the outreach teams and support staff at the Registry and Elm Grove to manage these issues. We do not see that as a reason not to continue with the project.*

Support providers

4.5 Society of St James

Prior to interim use

- 4.5.1** *Both of these blocks look very well located.*
- 4.5.2** **The Registry**
- 4.5.3** *This appears to be well situated away from residential units, which we know have presented a real problem at the Ibis Fratton Portsmouth. The street is on a busy road and walkway, in my opinion it will not stand out from the bustle of this busy area. The close proximity to the university is not concerning as this never presented any issues when we were running a drug and alcohol service in Southampton which was opposite to Solent University in Southampton. There is very little 'mix' between these two populations. It is centrally located which is very useful for our service users to access services. This includes close access to the Recovery College, Positive Minds Project, and Substance Misuse Service on Elm Grove.*
- 4.5.4** **Elm Grove**
- 4.5.5** *Again we think that this is a very good option. It is an area that is well known to us due to the Substance Misuse Service which is down the other end of Elm Grove. The street is busy until late into the night and there are very limited residential blocks on Elm Grove. There are a number of residential roads behind the building but they are well set back and as long as the main windows are opening onto Elm Grove then there will be very limited disruption in the evening.*
- 4.5.6** *Although there is a substance misuse service down the other end of Elm Grove this service is only open in the day and not in the evening or weekends and we do not think this is overburdening the area as there is little overlap in busy times. Indeed this may be an advantage in being able to offer floating support from this service and specialist assistance to the accommodation service during the day. It is also well located to access services at the Homeless Day Centre on Milton Rd.*

After two months of interim use

- 4.5.7** *The Society of St James in partnership Two Saints have now been providing the support staff in both Elm Grove and the Registry since September. Both building have proven to be very suitable accommodation options for this client group for the following reasons: -*

Good Locations

- 4.5.8** *As anticipated in the previous consultation we have had a very positive experience of supporting people in both these projects.*
- 4.5.9** *The Registry – This building is located away from residential areas and we have had no conflicts with residential groups. There have been no conflicts with local businesses or the student groups that use this area. The quality of the self-contained units mean that people do not hang around outside the building but are more likely to use their rooms. We have had no issues with people walking out into the road or causing any sort of nuisance. The property is well located for access to the Parks, shopping area and other support services which makes support very easy to offer either inside or outside the building.*

4.5.10 *Elm Grove Library – Again the location of this block has had a low impact on the area. Because this is a smaller block we have used this to house a more stable group of service users who need less support and supervision from staff. The service has good support from local services including Positive Minds and the Drop in which are both located within 10 mins walk.*

Positive Environments

4.5.11 *Both buildings are very well equipped for this user group with room for staff to offer one to one support inside the building. The daily room checks that are in place ensure that the rooms are kept safe and secure. We have found that even very chaotic individuals with behaviours relating to compound trauma find this environment very safe and secure which is a key issue identified in all good practice models of homeless accommodation.*

Service users showing good engagement –

4.5.12 *The individuals who are using the services are engaging really well. They are keen to engage with their support plan and there is a feeling that they are able to make progress in this safe environment. This can be clearly seen in the low level of incidents that are presenting in the service and the high levels of engagement with the support planning process.*

4.5.13 *The Society of St James are very excited about the positive outlook for homeless people the purchase of these buildings represents for homeless people in the City.*

4.6 Two Saints

Prior to interim use

4.6.1 *The Registry is close to the university is well situated and close to local services and amenities. The only comment would be the closeness to one of the busiest roads in Portsmouth. This could be an issue visually for passing cars etc. Good management would be required to stop people hanging around outside etc.*

4.6.2 *The Elm Grove site used to be a multi-agency site including substance misuse so is used to some client footfall. Opposite used to be ANA drug/alcohol treatment centre and the base for PUSH before they moved to central library. It is expected, with good management, this would be a good site with very little neighbour issues.*

After two months of interim use

4.6.3 *We agree that the location and environments within both buildings are supportive, safe and of good quality. Since September, the number of serious incidents at both sites has been significantly lower and there has not been any impact on local communities.*

4.6.4 *As the lead provider of the adult core homeless, young people's and mental health services in the city and also lead provider in several other local authority areas, we can confirm that we do not and have never had the need to provide security provision in any of our large hostels or smaller resettlement units.*

4.6.5 *Our staff are skilled at supporting clients to manage risks and behaviours in environments which are designed to be psychologically informed. Therefore, we would support the reduction of the security/safety element of the pathway.*

4.6.6 *Two Saints look forward to the continued partnership with Portsmouth City Council, The Society of St James and other partner agencies.*

4.7 Ward councillors

4.7.1 City Council officers have engaged with ward councillors in all of the specific wards throughout the process since these buildings were identified as suitable for use as interim accommodation. Councillors have the ability to provide feedback through the consultation and that will be captured.

5.0 Conclusion

- 5.1 No resident or community responses received in relation to the temporary planning application to change the use at The Registry, with 1 resident objection to the Elm Grove Library.
- 5.2 No statutory consultee responses received against either temporary application for change of use with the exception of the Hampshire Constabulary.
- 5.3 1943 addresses were written to in prior consultation of the proposed permanent change of use of 3 premises, inviting feedback on the proposals remotely via the City Council's 'Have your say' webpage.
- 5.4 A total of 18 responses were received via the website providing comments about the proposed uses. 38% of the comments were in support of the proposed use and 62% were against the proposed use.
- 5.5 The majority of negative responses received were in relation to concerns over anti-social behaviour and impact on local business and fear of theft. These concerns have been addressed in the Management and Operational Statement submitted with the application and supporting Appendices.
- 5.6 The police have indicated that incidents reported in relation the Elm Grove Library since operation commenced in September have largely arisen from disputes between residents in the premises and not arisen from impact on community or residents. They are in support of the proposed uses and have indicated that anti-social behaviour and impact on the local community could rise without the services at the premises.
- 5.7 Community wardens advocate continued security presence at the premises and continue to work with outreach support services with those individuals that persist with begging or anti-social behaviour and are in support of the proposed uses.
- 5.8 SSJ and Two Saints are support providers for the site and advocate that the proposed premises are good locations providing supportive, safe and good quality accommodation.
- 5.9 The City Council continues to regularly engage with residents, Ward Councillors, Community Groups and Support Services and intends to continue to do so as part of the Homeless Pathway management approach.

23 November 2020

Dear Local Resident

We wrote to you in September to inform you of the temporary change of The Registry on St Michaels Road from student halls of residence to temporary accommodation for people without a permanent address.

This was necessary to meet an immediate and urgent need to provide safe and secure accommodation for rough sleepers in Portsmouth as part of the government's 'Everyone In' campaign, which was a response to the coronavirus pandemic. This temporary solution is due to provide accommodation until July 2021 and has so far proved to be a success for those using the facilities in helping them to take their lives forward.

We have been continuing to engage and consult with the Ministry of Housing, Communities and Local Government (MHCLG) about how to deliver and fund a longer term solution. The council submitted a bid to the MHCLG and has been successful in securing funding to be able to achieve this. This funding not only helps to buy properties but also helps to provide on-site support workers until 2024.

The owners of The Registry have confirmed that they would be willing to sell the accommodation to the council, and negotiations between the council and the owners are underway to purchase the property.

In order to purchase property it is essential to ensure that the property can be used for the intended purpose, and that there are the necessary consents in place to do so.

An application for this building will be submitted in December 2020 for the permanent change of use of premises.

Before the application is submitted, you can visit www.portsmouth.gov.uk and search 'your say' to find more information and where you can submit feedback on this proposal until Friday 04 December. While we cannot respond to all comments, we will review and consider all feedback we receive prior to the submission of the application.

If you have any questions about the accommodation, or wish to report any issues, please contact us by either emailing homeless.feedback@portsmouthcc.gov.uk or by calling 023 9243 7929. Our line is open Monday - Friday 9am-5pm.

Yours sincerely

Portsmouth City Council

23 November 2020

Dear Local Resident

We wrote to you in September to inform you of the temporary change of properties on Elm Grove from student halls of residence to temporary accommodation for people without a permanent address.

This was necessary to meet an immediate and urgent need to provide safe and secure accommodation for rough sleepers in Portsmouth as part of the government's 'Everyone In' campaign, which was a response to the coronavirus pandemic. This temporary solution is due to provide accommodation until July 2021 and has so far proved to be a success for those using the facilities in helping them to take their lives forward.

We have been continuing to engage and consult with the Ministry of Housing, Communities and Local Government (MHCLG) about how to deliver and fund a longer term solution. The council submitted a bid to the MHCLG and has been successful in securing funding to be able to achieve this. This funding not only helps to buy properties but also helps to provide on-site support workers until 2024.

The owners of **Kingsway House and 155-157 Elm Grove** have confirmed that they would be willing to sell the accommodation to the council, and negotiations between the council and the owners are underway to purchase the properties.

In order to purchase property it is essential to ensure that the property can be used for the intended purpose, and that there are the necessary consents in place to do so.

Separate applications for each building will be submitted in December 2020 for the permanent change of use of premises.

Before the application is submitted, you can visit www.portsmouth.gov.uk and search 'your say' to find more information and where you can submit feedback on this proposal until Friday 04 December. While we cannot respond to all comments, we will review and consider all feedback we receive prior to the submission of the application.

If you have any questions about the accommodation, or wish to report any issues, please contact us by either emailing homeless.feedback@portsmouthcc.gov.uk or by calling 023 9243 7929. Our line is open Monday - Friday 9am-5pm.

Yours sincerely

Portsmouth City Council

Consultation Responses from the Have your Say Website between Tuesday 24th November and Monday 7th December

Date Submitted	Postcode	Feedback	Status
25/11/2020 14:22	PO5 1EL	Glad to see action to get rough sleepers off the streets (Palmerston Road, for example). Hope there will be good support and monitoring of the residents.	Positive
27/11/2020 08:50	PO1 2SQ	I work in a shop close to the accommodation at St Michaels Rd. It may be a good idea to have accommodation for these people, but all they do is come into my store and steal thousands of pounds worth of food, to sell it off again for their drugs. They are not nice people at all.	Negative
27/11/2020 12:57	PO5 1PL	I fully support the decision to use the vacant buildings to house homeless people. More people are set to be at risk of homeless with increased unemployment and providing them with safe housing them is a priority. I hope that this can continue to be a permanent option even when covid vaccinations have been administered and the virus is more under control.	Positive
27/11/2020 23:57	PO5 1LS	I think it's wonderful that you are providing this accommodation and am so glad to hear that this has been a success for the people you are trying to help. I have met one of the people who works in the Elm Grove building. He seems to be such a kind man and spoke to me and my neighbour with great enthusiasm for the project. Best wishes to everyone concerned.	Positive
28/11/2020 11:23	PO1 1LL	Having seen the disgusting people, who used the Ibis Hotel at Fratton (many of whom are still taking drugs etc) of which I have personally witnessed . These people have no morals at all and no intention of contributing to society. With the amount of families crying out for accommodation in Portsmouth, surely we should look at helping the coming generations and not the ones who really don't give a dam about anyone.	Negative

29/11/2020 13:45 PO5 1EH	<p>I don't want the change of use in Elm Grove - we have enough social nuisance as it is with drunk students, uncontrolled people in the short-term Council block at the top of Grove Road North and the mass of local drug fraternity, the last thing we need to do is add these mentally-ill individuals into the mix. We all know the security will stop and then it will be us in the neighborhood left dealing with the aggressive panhandling, highly visible drug use and the rest of the unsocial behaviour.</p> <p>These people need extensive psychological treatment away from decent society so that the rest of us don't have to put up with them, if you disagree I suggest you look for a location next door to your own house and expose your children to the situation on a daily basis.</p>	Negative
30/11/2020 17:10 PO5 2QL	I think this is a wonderful idea and I am 100% in agreement. There should be nobody homeless in a city as progressive as Portsmouth in 2020.	Positive
01/12/2020 14:40 PO5 1DX	No thanks! I can see kings way from my front windows and the elm grove library leads directly on to my house. I worry about security and the effect on my house price. I do not support this.	Negative
01/12/2020 15:02 Po4 8eu	Excellent proposed use as long as they are well supported...not by security staff...its not a prison. People need to feel understood and valued.ok, so unused student properties..why are more student blocks proposed in Arundel Street?	Positive
01/12/2020 22:54 PO5 1ET	I think it is important that more resources are available to rough sleepers in the area. However I think the area is more residential and more than a mile away from the city centre. The roads are normally peaceful and I feel safe at night whereas if there was a higher concentration of rough sleepers who might not access accomodation in the daytime they would be free to roam the surrounding residential areas. These areas are normally quiet during the day and people don't normally wander around but if there were lots of rough sleepers who were being accommodated in the area and didn't have anything to do they could be roaming the residential streets daytime or nighttime that are normally very quiet. This could being increased crime or could not change anything but I would feel less safe as a female paramedic student returning from a night shift if there were people hanging around the area.	Negative

01/12/2020 23:21	PO2 7BA	Well done PCC !!! Its time our homeless were treated the same as other residents , be proud of yourselves ?	Positive
03/12/2020 07:45	PO5 3QR	<p>I am very concerned at having the rough sleeping shelter made permanent on Elm Grove. I strongly object to this decision. The area you want to site this is right in a mainly commercial space which has recently seen a great revival with new shops like the the plastic free supermarket, Rose Clover florist, new coffee shop (the steamhouse) and Southsea Deli. It is not appropriate to house rough sleepers here permanently. After what happened this summer at the Ibis hotel I am very concerned that this move will negatively effect the economic revival of this enclave of Southsea as well as the residents and their properties. I am concerned for the safety of my property and my young children walking around with lots more homeless people housed right on our doorstep. Mental health issues and substance abuse go hand in hand with homelessness. The Co-op Supermarket has an enormous problem already with shoplifting- I am positive that they would not welcome this decision either. Please find another suitable location. The students will surely need this accommodation again once we are through the Corona Virus.</p> <p>Please listen to residents objections seriously and don't make another silly mistake on Elm Grove like the cycle Lane.</p> <p>This area is miraculously improving on its own - don't pull it down!</p>	Negative
03/12/2020 09:39	PO5 4EB	It's a good thing. Naturally it will attract drug users, alcoholics and an increase in petty crime but it's bloody freezing outside and the homeless should be housed	Positive
03/12/2020 11:15	PO5 3DT	We are just regenerating the high street and putting homeless housing here completely undercuts this - causing security issues and makes this a less safe area for children.	Negative
03/12/2020 11:35	PO5 3DT	My worry is the scale of the proposal - it's 3 large houses - The Registry, Kingsway and Elm Grove Library - potentially approx 110 people (or so I was told) - and it's temporary housing for them - the ones that respond to treatment move on to permanent housing but the difficult ones stay here - to me this isn't care in the community - 10 people can be assimilated into a community - 110 is ghetto of it's own making - seems more like this is a potential homeless portal for the south coast.... how is this good for a local community trying hard to regenerate its high street and create a community.	Negative

03/12/2020 19:55 PO5 1NJ

The areas selected to accommodate rough sleepers are in locations that place young children of Negative school age in a very vulnerable position. All three sites are near schools and recreational grounds. Rough sleepers often display a range of emotional and mental health issues and are themselves vulnerable, it is not uncommon for young children and young vulnerable adults to be approached by rough sleepers. Furthermore, the levels of rubbish and open use of alcohol and banned substances increases; urinating in public also increases. The use of the site at the Pompey Centre though commendable was openly abused. I had to shield my children from observing drugs being taken openly and one man in his mid twenties attempting to urinate by the traffic lights. The level of rubbish (mostly lager cans) was also evident. I empathise with the plight of the homeless in Portsmouth, however, I urge you to investigate housing in areas that are not in central locations to schools and vulnerable families. The use of the buildings need to be considered for those families living in crowded accommodation that is wholly unsuitable. Surely, they are your priority! The costs associated with this needs to be made fully public as does the costs associated with the accommodations that were provided during the summer lockdown. The council's income from other commercial interests have vastly reduced and the services provided by the council are being cut.

03/12/2020 20:05 PO5 1NE

We acknowledge there is a need to assist the rough sleepers of the city a life on the streets Negative cannot help them and their many problems. Our concern is how the area around the buildings will be policed. We don't want to have to 'run the gauntlet 'of people hanging around outside smoking both cigarettes and drugs, the associated litter, and the other people that will come to the area who do unfortunately prey on the homeless and vulnerable. We think it would be naive of the council to think none of this will happen and have no real strategy to deal with it. There needs to be staff present 24/7 who police this, nit just pay lip service to it, actually go outside, intervene and keep the area clean. This is not a job for the street cleaners who aready do an excellent job in the city.

04/12/2020 15:27 PO1 2EF

Good afternoon,

I represent the co-opartive store situated accross the road from the registry. We are very concerned about this proposal as we have already had issues from the residents coming from the registry involving bith theft and abuse. We want to know what the council will do regarding these concerns and if they are preaped to work with us regarding this issues. We are not opposed to the idea of the council purchasing the building however we would like ensurance that local business are being thought of. Please could we have a representative of the council contact us regarding these issues? Thank you.

Negative
