

Site Visit: 13/01/2021 - virtual - COVID-19 restrictions

Site Description:

The parent dwelling is an end-of-terrace property situated on the north side of East Hill running east/west in the settlement of Evershot. The property incorporates a large garden to the rear and adjacent to the public highway.

Reasons given for Proposal:

T1 Conifer - Fell - storm damaged

Representations Received:

Considerations:

The tree is storm damaged and situated to the southwest of the property. Where limbs have detached, the side of the tree is now exposed to deadwood that will not regenerate due to the softwood variety. As such, the tree is not worthy of retention through TPO and should be removed.

Recommendation:

Conservation Area Notification - Advise Raise No Objection

Case Officer Craig Hulbert	Date 13 January 2021
