**Subject:** Re: S.20/1260/HHOLD alteration

Dear planning

Please find attached non-material amendment application form with accompanying drawings as follows;

- 20-0390 D05A : Original, approved drawing.
- 20-0390 D05B : With proposed minor amendment to extension roof design.

If required there is a location plan included on page 2 of '20-0390 D05B'

I am unaware of a fee but if you could please advise with instructions on how to pay if there is one.

Kind Regards

Dave Thomson B.Eng (Hons). PMP.

Good Afternoon,

It is the forms for "Application for a non-material amendment following a grant of planning permission" through the Planning Portal that you need.  
Unfortunately, a link will not work to take you to the actual form, only the main page.

I hope this assists.

Regards,

**Sarah Crawley**  
Planning Officer

Morning Sarah, I can't find the minor amendment form on your website. Could you please send me a link?

Many thanks

Dave Thomson

Good Afternoon,

Apologies for the delay in responding.

The best approach initially would be to submit a Minor Amendment request for the required roof change.

Forms for this can be found on our website.

I hope this assists.

Regards,

Hello

I hope you can help direct me to the relevant person. I am working with my client on an extension project and there seems to be some confusion about the roof. It seems that the incorrect roof design was submitted and we would like to know if we can build the attached hip roof rather than the single pitch that was approved?

The location is Nailsworth Hill ( The W.)

Many thanks

Dave Thomson B.Eng (Hons). PMP

Good afternoon,

Unfortunately I'm not familiar with the site and I don't cover the south of the district, which includes Nailsworth. The best thing to do will be to forward your email to [planning@Stroud.gov.uk](mailto:planning@Stroud.gov.uk) and they can direct you to the officer who dealt with the original application.

Kind regards,

**Tom Fearn MSc**  
Planning Officer (North Team)

Hello Tom, I hope you're well. I have communicated with you in the past but possible not from this email account. We are in the process of planning a build for a client that has planning approval, but we have found that we are looking at different drawings than that on the planning portal. The only difference is that the drawing I have has a hipped roof while the approved plan has only one pitch. It is a very small roof so I believe it is not a significant change but wondered if you could tell me your thoughts?

The client is Mr D Johnstone of Dove Cottage, Nailsworth Hill, GL6 0AW.

We are hoping to start early in the new year so would appreciate your comments at your earliest convenience.

Kind Regards,

Dave Thomson B.Eng (Hons), PMP.
