Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object strongly to this planning application based on the use of HGVs. The addition of further lorries will impact on the safety of the local community especially the c3500 students accessing educational institutions, of which there are many within the vicinity of a very small village. Access to this site is off a narrow country lane with limited visuals and without pathways. The village has already been taken advantage of with the oversizing of schools and despite lorry watch and other initiatives lorries continue to ignore the 7.5 weight restriction and break the law daily.
