Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: We live in Wilmington - this is already a very busy little village with 3 schools, schools traffic and vehicles often cutting through to avoid A2. The roads around here are very narrow - country lanes and large vehicles (coaches / lorries) already have to go up on the kerb to pass one another which is a danger to the school children and residents already! We already have to ensure lots of traffic! To allow this application would be madness. This village is not suitable for heavy goods vehicles to use on a regular basis to get to the Construction Yard! This is a residential area and it would be madness to allow this - the roads and infrastructure are not made for these large vehicles and this would create a hazard for children and residents alike!
