

Proposed Single Storey Rear Extension

Mead Cottage

Whitchurch Canonorum

DT6 6RH

STATEMENT OF HERITAGE SIGNIFICANCE

Mead Cottage and its neighbours Yarrowhay and Goose Knapp are a group of 3 houses that were completed in 1998. They fall within the Whitchurch Canonorum Conservation Area. They, along with the green and tree at the road junction opposite, contribute to the street scene.

The proposed extension to Mead Cottage is to be at the rear. As such it will not be visible from the street. It will also not be visible from any of the Conservation Area Key Views or Gateways. On this basis, the proposed extension will have no impact upon any of the heritage assets that contribute to the conservation area.
