Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to such a gate being installed at the entrance to All Saints Church car park for the following reasons.

Church Street is a busy main road with limited parking for residents. I feel that if there is a gate across the car park then visitors to the grave yard wishing to pay their respects to loved ones will be forced to park in the busy main road thereby using the limited residents parking spaces. This will also be dangerous with the extra parking in the road and the likelihood of accidents occurring will be increased immensely.

The car park has to my knowledge certainly in the last 25 years never been gated and visitors to the church and car park have been able to come and go freely.
