c/o Planning Portal Submission

Dear Sir/Madam

Proposed side extension to existing house

Please find enclosed a householder application for a side extension (part two-storey and part single-storey) at our property.

The purpose of the proposals is to provide additional living accommodation for older relatives who need caring for and also to provide additional space to facilitate home working. The current parking arrangements at the property would remain as is, there are 4 car parking spaces currently.

The proposed extension is situated on the southern elevation of the property and would not overlook any of our neighbours. The proposals are designed in such a way to reflect the look of our existing house and the materials will match.

I enclose

- Application Form
- Biodiversity Checklist
- Site Location Plan
- Block Plan – Existing
- Block Plan – Proposed
- Floor Plan – Existing
- Floor Plan Proposed
- Tree Report (3 separate files)

I trust the enclosed provides sufficient details of our proposals but should you need any more information please do not hesitate to contact me

Yours faithfully

Mr Mark White
