Afternoon [REDACTED]

Thank you for reviewing my documents.

I am happy with the description amendment to the below. Will this be adjusted by yourself?

Also, I have revised the two drawings raised below and these have been uploaded on to the planning portal.

Should you wish to discuss any of this application in more detail do not hesitate to contact me.

Regards

Thank you for the drawings with added dimensions submitted via the planning portal on the 14.01.2021

I note that the proposal includes the addition of a front porch, may I therefore suggest a small change to the description to "Two storey extension to side and rear, reducing to single storey on rear elevation and addition of front porch." Please confirm in writing that you are happy with the amended description as given above. This amendment is suggested as descriptions for applications need to be clear, concise and precise.

I also note that the dimensions for the side elevations have been cut out off the page and the lines on the proposed site plan are a bit faint, could you email these drawing again please

Kind regards
