Subject:Re: Tree works application - 16a Newmarket Road, Cringleford
Attachments:

Good morning Lisa,
I can confirm that it is no 16 Newmarket road
My apologies for that
The current height of both trees is 21m and the radius is 6m Oak and 5 m sycamore.
The height is irrelevant as we are not applying to touch the height at all.
For all other authorities I list the finished dimensions normally they are all that are required as the current dimensions of the tree can be seen by the Tree Officer at the site visit .
The specifications are quite self explanatory at that visit .
I trust this enables you to validate the application
Kind regards
Phil Anderson

Dear Philip

Thank you for the above application we received on 4 January 2021.

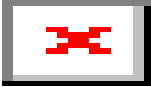

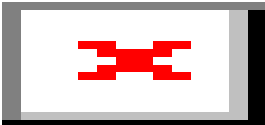

Please confirm the following:

- 16 Newmarket Road is the owner of the trees, as opposed to 15 Newmarket Road who is on the opposite side of the road to the above property.
- The current spread and finishing spread of T1 Oak & T2 Sycamore being reduced back to the boundary.

Once the above is confirmed, the application can be validated.

Regards

Lisa Griffin
