

CULVER HOUSE ADDITIONAL PHOTOGRAPHS REQUESTED

Culver House Rear Elevation

Permission is sought for the replacement of all glass. No window frames or casements will be replaced and no window openings will be increased or decreased in size.

Window numbers refer to the numbers given in the proposal document.

Culver House Front Elevation

Permission is sought for the replacement of the glass in all windows that are currently single glazed. None of the window frames will be replaced, and none of the window openings will be changed in size. The application is for the replacement of the glass only.

Culver House Side elevation

Permission sought for the replacement of glass. No window frames or casements will be replaced, and no window openings will be increased or decreased in size. This facade is partially obscured from view, hence the angled picture. The numbers refer to the window numbers in the main proposal document
