## NICHOLSONS

## Survey Schedule

## Appendix 2

Site: Wingrave &amp; Rowsham

Surveyor: Jon Emanuel

March 2020

Map No.	Tag No.	Species	Age Class	Height (m)	Diameter at 1.5m (mm)	Condition/Observations	Recommendations	Priority (Months)	Re-survey (months)
1	396	Sorbus	Early mature	5	300	Deadwood in crown.	Remove deadwood	6 months	24 months
2	397	False Acacia	Mature	14	500	Deadwood through out crown, OHL running through lower crown impeded by branches	Remove deadwood, prune to clear OHL	6 months	24 months
3	398	Walnut	Mature	15	750	Overhangs parking area, low defective branch appears to have split from point of attachment in past, cavity visible on branch.	Carry out climbing inspection of union to assess extent of decay. Thereafter either reduce end weight of branch by reducing length by 2m or remove branch.	3 months	24 months
4	None	Birch	Young	3	250	Ivy clad	Sever ivy at base.	Advisory	24 months
5	399	Lime	Mature	22	870	Deadwood through out crown over third party property	Remove deadwood	3 months	24 months
6	400	Lime	Semi mature	6	400	Low canopy branches impeding path and possibly grass maintenance	Crown lift to 2.5m above ground level	Advisory	24 months
G1	None	Hazel	Mature	4	150	Hazel stems impeding building	Coppice management	Advisory	24 months
8	None	Lime	Early mature	14	450	Low canopy	Crown lift to improve tree aesthetics and ground below	Advisory	24 months
9	Orange dot	Hawthorn	Mature	5	340	Appears in decline or dead	Fell	6 months	
10	None	Willow	Early mature	5	400	Pollarded tree.	Re-pollard within 3-4yrs	Advisory	24 months
