Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: am the current Tenant Landlady of the Blue Bell Pub

The pub in the current climate is relying solely on Takeaways especially Sunday lunches we are not on a bus route and we are at the top of a very steep hill, in any trading hours/times we are very much a drive too destination pub restaurant.

we can currently accommodate around 50 car parking spaces if any one of these spaces were lost it would result in the loss of revenue for the pub and result in the loss of local employment.

We are the only pub in the village and its closure would be a devastating blow to the local community who support the pub and are 100% committed to its survival solely as a public house.

mental health is a key advantage also to the local community as there is a proportion of elderly/retired resident who also relies on the pub as there only human communication on a weekly basis and the providing of hot meals.
