These cover such works as - the demolition of existing buildings, the erection of a new building or structure, the extension or alteration to a building, change of use of buildings, installation of services, underpinning works, and fire safety/means of escape works. Notice of intention to demolish existing buildings must be given to the Council's Building Control Service at least 6 weeks before work starts. Furthermore, please ensure that all vehicles associated with the construction of the development hereby approved are properly washed and cleaned to prevent the passage of mud and dirt onto the adjoining highway. Notes for the applicant

This proposal may be liable for the Community Infrastructure Levy (CIL). This is payable to the Borough Council, as the local collecting authority, before development on application 20/01739/FLH is started.

If CIL is liable we will shortly contact all relevant interested parties and serve them with a Liability Notice. This will identify the parties, the scale of liability, how it was calculated, when it will be due for payment and the opportunities to claim relief. Should you wish to claim relief from CIL you must make an application to us

before any work starts on site. There is no automatic exemption from the CIL and it is not possible to make a retrospective claim once work has started.

The party liable to pay CIL must assume liability before any work starts; they must also provide us with a valid [Commencement Notice](#). If this is not provided we will impose surcharges and require immediate payment.

Please contact us on 01372 732000 if you have questions about CIL, before work commences.

This permission relates only to planning legislation. It is your responsibility to seek authorisation required under other legislation. Please contact Customer Services on 01372 732000 for further advice.

In particular, Building Regulations approval may be required for this work. Applicants are advised to contact the Building Control Service at the Town Hall, Epsom, (telephone 01372 732000) to ascertain whether it is necessary for permission to be given under the building regulations.

Attention is drawn to Section 20 of the Surrey Act 1985 which requires that when a building is erected or extended, proper provision shall be made for the fire brigade to have means of access to the buildings and any neighbouring building.

Appeals to the Secretary of State

If you are aggrieved by the decision of the local planning authority to refuse permission for the proposed development, or to grant it subject to conditions, then you may appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990 within the following timescales:

Householder applications

If you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice

Full applications

If you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice

Enforcement applications (land already the subject of an enforcement notice)

A planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

Enforcement applications (land which has an enforcement notice served)

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder appeal) of the date of this notice whichever period expires earlier.

Appeals must be made using a form which you can get from the Secretary of State online at <https://www.gov.uk/planning-inspectorate> or by writing to Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (tel: 0303 444 5000).

The Secretary of State can allow a longer period for the giving of a notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order, and to any directions given under a development order.

Purchase Notices

If either the local planning authority or the Secretary of State refuse permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council. This notice will require the Council to purchase the owner's interest in the land in accordance with the provision of the Town and Country Planning Act 1990.
