Subject: RE: Planning Application Consultation 21/00066/FUL at Bright Beginnings Day Nursery 47 Rawcliffe Drive

Dear Alison

Please find below a response on behalf of the Early Years and Childcare Service in regards to planning application 21/00066/FUL

The applicant can demonstrate an unmet need with a current waiting list of 5 families wanting baby places and will be able to immediately fill the places created by the proposed extension. In addition, the proposed extension of provision will support a sustainable business model for the future due to older children moving into school nursery at an earlier age. The Early Years and Childcare Service would therefore support this application in order to meet current unmet demand alongside helping to ensure a sustainable business model for this provider in the future.

Regards
Nicola
