Aysgarth

additional parking spaces

Bracknell Forest Borough Council and Silva Homes Plc are currently working in partnership to jointly fund schemes to improve parking around the Borough.

Aysgarth has been highlighted as one of the areas which could be improved.

A total of 9 additional spaces are to be built in Aysgarth in 2 locations.

The bays will be constructed using permeable blocks under new Sustainable urban Drainage System (SuDS) guidance .

Residents with mobility problems will see a marked improvement in the general road layout aiding their awareness to more safely access the road and their properties.
