102 K9		102 K9	Plotting Card		100.00

Notes: this report shows all the policies, constraints and administrative areas on the GIS found to "intersect" with the selected Planning Application Site or Search Area.

This may include policies or constraints which only adjoin (share the same boundary with) the selected Site or Area.

Where this is so, there is a "Yes" in the "Adj. Site" column. If area (region) sites overlap with the selected Application Site or Search Area, this is indicated in the "Overlap %" column. The higher the percentage overlap, the more the sites overlap.

No values are recorded for line, point or text objects that intersect the selected Site.
