Proposed development and location of the land: Erection of farmhouse linked to existing dwelling and provision of septic tank drainage, Potash Farm, Wyverstone.

The Council, as local planning authority, hereby give notice that **PLANNING PERMISSION HAS BEEN GRANTED** in accordance with the application particulars and plans submitted subject to the following conditions :-

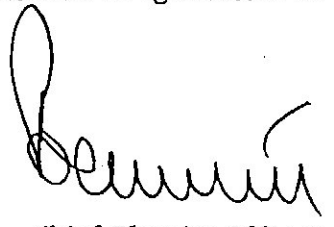

1. The development must be begun not later than the expiration of two years beginning with the date of this permission.
2. The occupation of the dwelling shall be limited to a person solely or mainly employed, or last employed, in the locality in agriculture as defined in Section 290(1) of the Town and Country Planning Act 1971, or in forestry (including any dependants of such person residing with him or her), or a widow or widower of such a person.

The reasons for the conditions are :

1. Required to be imposed pursuant to Section 41 of the Town and Country Planning Act 1971 but reduced to ensure an early start in view of the essential need for the dwelling at the farm.
2. The site of the permission is outside any area where planning permission would normally be forthcoming for residential development not directly related to the requirements of agriculture or forestry.
