Dear Sirs

Application for works on trees in a Conservation Area

Location: As above address
Parish: Shepton Mallet Town Council
Grid ref: 360734 143903

I am seeking permission to remove trees in a conservation area, as follows:

T1, T2: Ash – complete removal due to Ash Dieback.

My wife and I own and manage both trees under question; we are also aware of the likely need to introduce a lane closure plus management traffic lights during the tree removal.

I look forward to hearing from you.

Yours faithfully

C D Cree
