Categories:	Millie

Thank you for your e-mail.

We note that we are not a statutory consultee for the above planning application because it is not classed as a major development. However, where Planning Case Officers have specific concerns regarding the surface water drainage aspects of minor planning applications, we are willing to provide advice where possible.

If this is one of these instances, we would be grateful if you could outline your concerns before the consultation request is added to our system. If we have been consulted in error, we would be equally grateful if you could let us know.

Many Thanks,

Tom Aldridge
