REDEFINING WINDOWS & DOORS

RESIDENCE 7

It's here to inspire you on your journey to create your dream home.

Regularly fresh, sleek, extensive and interior gives the 17' is the modern appearance and versatility to be used for both contemporary new builds and traditional British homes alike. All glass sightlines are perfectly equal providing symmetry for a timeless kerbside appeal. Choose from one of our five glazing bends to fully personalise your choice, continue the lush contemporary appearance with the Square or soften the look with the Decorative.

It's outperforms many other systems with a sophisticated 7 chamber design and intelligent features.

It's the ideal solution for a wide range of properties, from modern new builds to city apartments and country cottages, to semi-detached houses, with everything in between. Residence 7 is intended to be the window of your choice.

Designed and made in Britain, we've built long lasting partnerships with our network of highly experienced fabricators and installers who are all eager to assist you in your decision making process.

Tailored To You

Residence 7 windows and doors are finished to perfection, combining a modern, lush appearance and impressive build. Hand-crafted, featuring and performance, all in a maintenance-free material. Available as essential windows, slatted windows, bay and bow windows, sunrooms, conservatories, single doors and French doors. It has all the character of your perfect home.

Your Home, Your Way

Create an individual design statement for your home with a range of luxury colour finishes and hardware options, all have been carefully created with you in mind, allowing you to replace your current windows and doors with a more efficient, secure and attractive system.

Maintenance Free

With the sometimes hectic pace of modern living, you need your windows and doors to look their best with the minimum of effort. K7 windows are virtually maintenance free, no painting, sanding or staining required. A simple wipe clean, so you can spend more time doing the things you love.

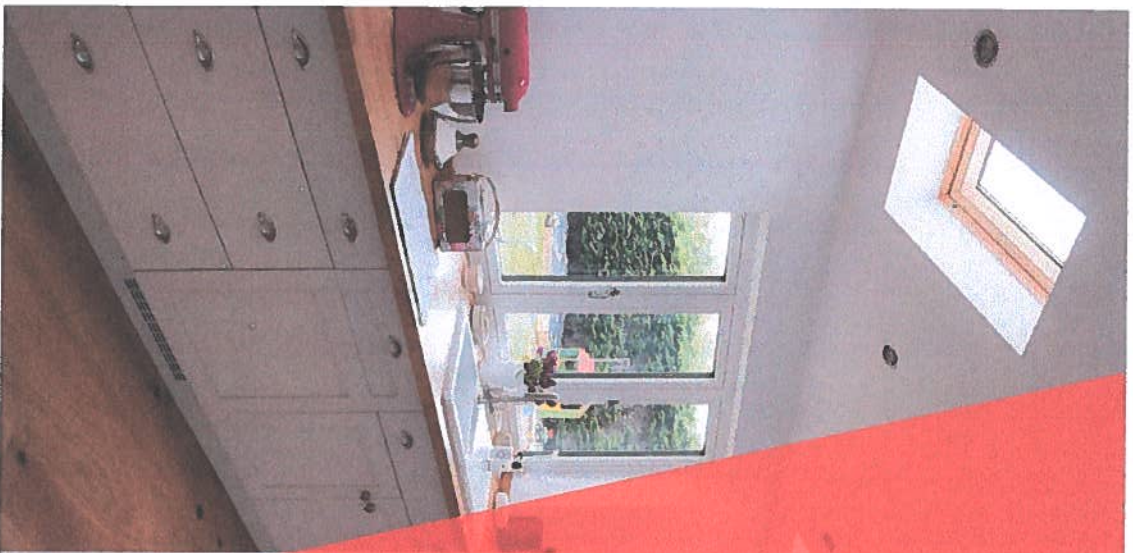

Manufacturing Techniques

Residence 7 has been designed to combine multiple manufacturing techniques.

Active welding technique can fuse the joints together diagonally for a contemporary appearance or choose the traditional process welds the profiles with a timber look to both sides, on MicroMetal External Timber look (ETL) gives a diagonal weld to the internal, with a timber look to the external. Of course, there's also the traditional mechanical joint fabrication for the ultimate timber alternative process.

Mechanically Jointed R7 Windows & Doors in Patnswick

Personalised Internal Style

A glazing head is the part that secures your glass, and by choosing one of our five glazing head options to suit your individual style, you can personalise the internal aspects of your windows. With a choice of both 25mm double glazing and 44mm triple glazing, performance comes as standard.

There are five options to choose from: 25mm Insulating Glass Unit, 25mm Square, 44mm Decorative & 44mm Square.

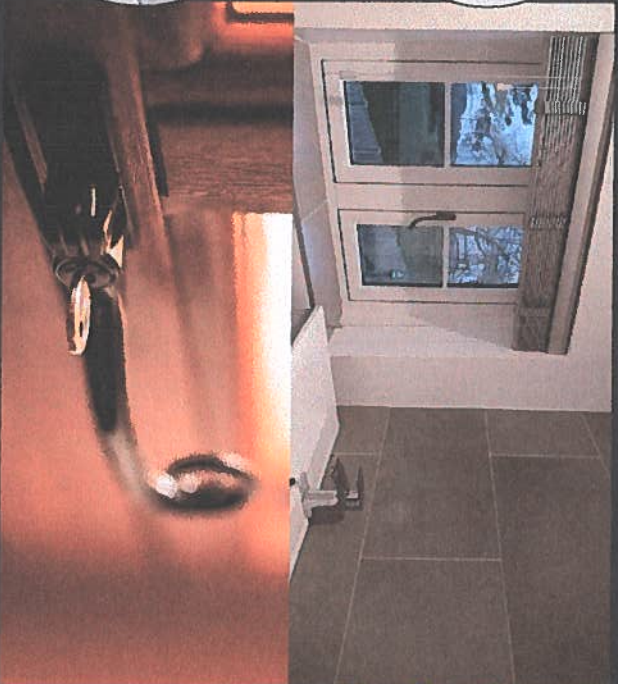

Handles & Stays

Personalise your windows with our handle and stay hardware. It's just what you need.

Our range includes key locking, knobby, padlock type, loop handles with matching peg stays in nine colour options. There is a colour to suit all tastes, ideal for creating a period style or to complement a more contemporary appearance.

Get in touch for a copy of our hardware brochure enquiries@everelle.com.co.uk.

Authentic Cill Detail

To add the finishing touch to your new windows, choose the Kardinian cill. This range is the industry's most innovative timber cill, designed to authentically accompany your Kardinian windows and doors so you can recreate that stunning look in both modern and period homes.

Bays & Corner-posts

Contemporary and traditional bay windows and orangery are easy to create using Kardinian 7. Choose from delightfully decorative or sleek square corner posts. It's a complete range to suit multiple bay angles and heights. For further personalisation you can choose to add Kacogram bar too. It's easy to create your perfect solution to complement your home.

WINDOWS & DOORS
THE WAY THE YERE
MEANT TO BE

Easy-clean Rebate

Intelligently designed with an easy-clean frame rebate, open your windows or doors and simply wipe clean. Or clean your windows or doors and simply wipe them. We also have a variety of color of bases, for example, choose either Grey inside and out, you get a dark grey rebate to match. A uniquely clever design for modern living.

Lock & Hinge Retention

Resilient 7-barrier superior design details and a new retention trim, caps, locks and hinges are secured firmly into position. Resilient 7 is also specifically designed to accommodate the additional weight of triple glazing units, allowing heavy duty hinges to fit and operate perfectly.

MARKET LEADING DESIGN FOR MODERN LIVING

WINDOWS & DOORS
THE WAY THEY'RE
MEANT TO BE

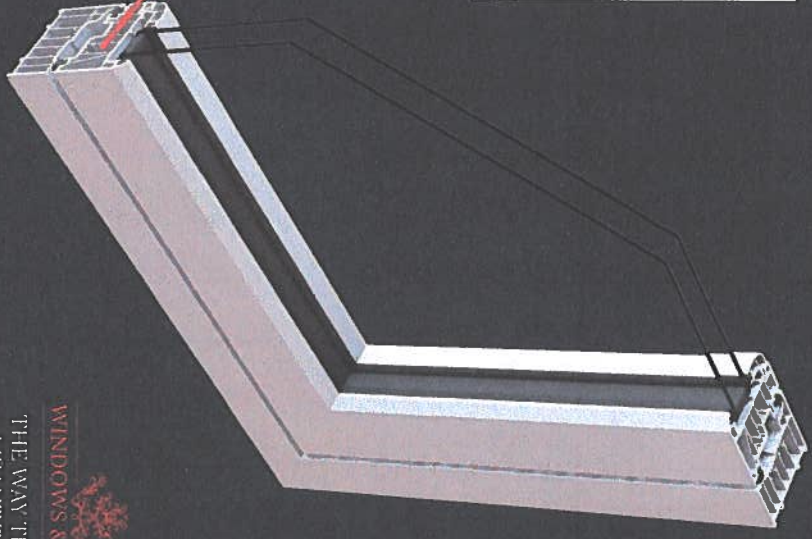

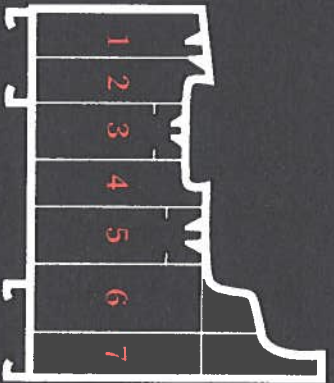

Greener Than You Realise

PVC is a greener than you realise. It's an insulating material, keeping you warm in the winter and cool in the summer, contributing to lower energy bills and carbon emissions. It's able to achieve a Window Energy Rating (WER) of A and a U-value of 0.8W (m2k) which is Passivhaus standard world's future proofing. At our windows and doors can be fully recycled and as they include a recycled material section within them. As for maintenance there's very little to take paint, primers, preservatives or impregnates to keep your windows looking fresh!

7 Chamber Design

Evolution 7 has been engineered to meet current and anticipated future standards. Other window frames typically offer 2 or 3 chambers and are usually 70mm wide. It has 7 chambers and is 70mm wide, providing superior thermal, acoustic, strength and security performance.

Energy Efficient Glazing

Evolution 7 is designed to accommodate energy efficient glazing. This can be used to create triple glazing or triple glazing used in modern windows. Evolution 7 also offers for 28mm double glazing or 40mm triple glazing. The glazing bead is always on the inside which contributes to a higher security performance.
