4. The Proposed Building

Please indicate which of the following are involved in your proposal

- A new building
- An extension
- An alteration

Please describe the type of building

we are hoping to extend our current animal food store/warm up shelter by around 50% and install a reclaimed stone floor and masonry walls to a agreed hight to prevent rats chewing walls and floors. We have owned our smallholding for 8 years now and over those 8 years we have gone from owning half an acre to having 2 acres now. When we originally got planning for our shed it was sufficient but now with a growing smallholding we could do with it being bigger. We have had issues with rats since we have been at sharrington but now with having to pen and cover some of our chickens in a nearby shelter it has become worse, I have repaired the shed many times after the rats have got in but it also means wiping everywhere and everything inside the shed as we use it for refreshments. So a more suitable building would be great, as always I am open to suggestions and more than happy to work with nndc and sharrington parish council

Please state the dimensions of the building

Length - metres	<input type="text" value="3.60"/>
Height to eaves - metres	<input type="text" value="2.10"/>
Breadth - metres	<input type="text" value="2.80"/>
