## 5. Description of the Proposal

Please describe details of the proposed development or works including any change of use.

If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.

Planning permission for the installation of a Herz Firematic 499 solid biomass wood chip boiler within an existing plant room. The biomass boiler will be provided with a 450mm diameter flue approx. 7.25m high penetrating the plant room roof to discharge the flue gases externally. The biomass boiler will provide heat to a water to air heat exchanger to heat the internal space using a supply air ducting system.

Has the work or change of use already started?  Yes  No

## 6. Existing Use

Please describe the current use of the site

The current use of the site is an existing timber importer and timber suppliers storage and workshop facility with provision of plant room and wood chip storage facility located on former world war 2 aircraft base.

Is the site currently vacant?  Yes  No

**Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.**

Land which is known to be contaminated  Yes  No

Land where contamination is suspected for all or part of the site  Yes  No

A proposed use that would be particularly vulnerable to the presence of contamination  Yes  No

Is a new or altered pedestrian access proposed to or from the public highway?  Yes  No

Are there any new public roads to be provided within the site?  Yes  No

Are there any new public rights of way to be provided within or adjacent to the site?  Yes  No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?  Yes  No

## 9. Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?  Yes  No

## 10. Trees and Hedges

Are there trees or hedges on the proposed development site?  Yes  No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?  Yes  No

**If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of your local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.**

## 11. Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.)  Yes  No

**If Yes, you will need to submit a Flood Risk Assessment to consider the risk to the proposed site.**

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?  Yes  No

Will the proposal increase the flood risk elsewhere?  Yes  No

**How will surface water be disposed of?**

Sustainable drainage system

### 11. Assessment of Flood Risk

- Existing water course
- Soakaway
- Main sewer
- Pond/lake

### 12. Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

- a) Protected and priority species:
  - Yes, on the development site

Please note: This question has been updated to include the latest information requirements specified by government. Applications created before 23 May 2020 will not have been updated, please read the 'Help' to see details of how to workaround this issue.

## 16. Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

Yes  No

## 17. All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?  
Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

Yes  No

## 18. Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

Yes  No

## 19. Hours of Opening

Are Hours of Opening relevant to this proposal?

Yes  No

## 20. Industrial or Commercial Processes and Machinery

Does this proposal involve the carrying out of industrial or commercial activities and processes?

Yes  No

Please describe the activities and processes which would be carried out on the site and the end products including plant, ventilation or air conditioning. Please include the type of machinery which may be installed on site:

A 499 kW wood chip biomass boiler used for heating a warehouse storage building and workshop. The boiler is enclosed within the existing plant room and wood chip fuel stored in an existing purpose made adjacent store. The heat from the boiler is supplied to a water to air heat exchanger and the heated air ducted at high level throughout the warehouse and workshop to provide space heating for the workers to comply with current HSE guidance for work place temperatures.

The boiler is fed by virgin wood chip from the wood cutting process on site including sawing, milling and furniture manufacturing. The wood will be uncontaminated, unvarnished or untanned wood cuttings and will comply with the Ofgem RHI self reporting method of fuel supply and registered on the Biomass Suppliers List (BSL).

The waste wood, if not used as biomass boiler fuel, could potentially have been transported to landfill.

Is the proposal for a waste management development?

Yes  No

**If this is a landfill application you will need to provide further information before your application can be determined. Your waste planning authority should make it clear what information it requires on its website**
