23. Pre-application Advice

Date (Must be pre-application submission)

26/11/2020

Details of the pre-application advice received

The last record we have for this property is 1989. The permission was for use of the premises as warehousing and cash handling. You have also suggested that the last use of the property was as a light industrial unit.

Given the above it would be my view that you would need consent for any use involving cars, because of the potential for noise and smells.

Through a planning permission we may look to control operating hours and outside storage and would need to be satisfied that the new use would not generate undue noise or smell.

You can submit a planning application here https://www.planningportal.co.uk/info/200125/do_you_need_permission/90/interactive_house

We would need a location plan, a block plan showing the various areas and a good written description of the use and any mitigating measures.

Given the location of this site it is my view that we may support the application.

Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
