Environment Agency
Permitting & Support Centre
Water Quality Team

Dear Julie,

Subject: **Consultation on environmental permit application**

Application reference: EPR/SB3991RW/A001
Operator: Mr. John Wedderburn-Maxwell
Facility: Brewers Farm, Brewers Lane, West Tisted, Alresford, SO24 0HQ

Thank you for consulting us on this permit application. As a replacement septic tank of low volume discharging to ground I have no major objections to this application, assuming that there will be no impact on groundwater sources in the area.

I would however request that you seek clarification on the distance to main sewer as this is not apparent in the application.

Kind regards

Jeremy Burgess
