16 DEC 2020

Dear

Tammy.

Following your email of the 11th of November, we enclose our completed pre-application form, site plan, a picture of the Lodge and a "not to scale" layout of the Lodge, indicative plan of the proposed ensuite facilities, together with a number of photographs.

The Gatehouse does not have any upstairs bathroom facilities, not even a toilet. our daughter and her husband are expecting their first child in June and we are anxious to provide an upstairs facility particularly as the stairs are steep and narrow, not good for carrying a baby up-and-down.

We have had an indicative quote from a local builder and because of the relatively short time between now and June are anxious to book time in his schedule but reluctant to do so until we had an indication of the outcome of our application and a rough idea of timing for approval.

As I mentioned in my email I have had difficulty in identifying the correct fees/charges and so would be grateful if you could advise these together with your bank details and I will make a transfer within 24 hours.

Please let us know if there's any further information you require.

Trust you and yours are keeping clear of this wretched virus?

Looking forward to hearing from you.

Kind regards

Bill and Eddy Brogden.

Tremeer Lodge, description/schedule of existing use.

Tremeer Lodge is a private dwelling occupied by my daughter and her husband who are expecting their first child in June. The lodge is part of the curtilage of Tremeer Manor, a grade 2 listed building.

Currently the Lodge has no upstairs toilet or wash basin and so we would like to install a bath, toilet and wash basin within the existing bedroom space.

The stairs are extremely steep and narrow and so this facility would reduce the number of times the stairs would be needed to carry the baby up and down.
