

Community Infrastructure Levy (CIL)

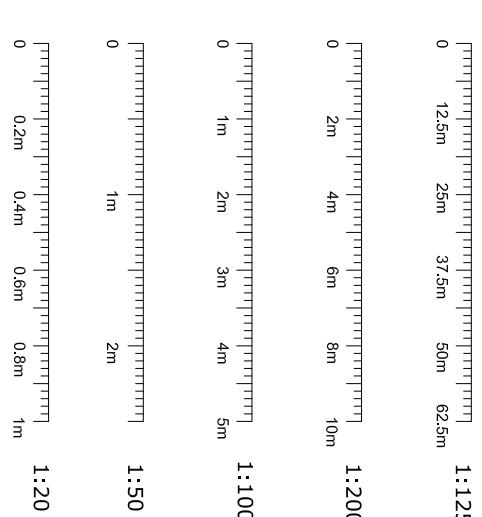

Projects in excess of 10,000 sq m new construction may be deemed liable to a CIL. Payable to the Local Authority, as noted on the relevant Planning Permission decision notice. If CIL is applicable the applicant can apply for an exemption on the basis of: sub-let (form part 1 & 2), or an annex (form 8), or residential (form 9) or primary residences (but this must be done before completion of construction otherwise the levy will become payable). The applicant must also submit a CIL Contribution Notice (form 1) before commencement of construction otherwise the levy will become payable without right of appeal.

General notes:
This drawing has been produced for Planning Permission purpose only and should not be used for construction purposes or Building Regulations.

Use of Colour
Please note that these drawings have been produced in colour. If black and white copies have been produced some important details may not be illustrated correctly.

Site survey & survey dimensions
Check all key/critical dimensions prior to making decisions which may be reliant upon them. Any significant discrepancies should be reported immediately to Heritage Architecture.

Scale Bar

Note - All floor/slab levels to match existing unless noted otherwise.

All external facing materials and finishes e.g. brickwork incl. bonding, roof/hanging tiles, rendering etc to match existing unless noted otherwise.
