| b) works to the exterior of the building? | Yes | Q No |
| c) works to any structure or object fixed to the property (or buildings within its curtilage) internally or externally? | Q Yes | No |
| d) stripping out of any internal wall, ceiling or floor finishes (e.g. plaster, floorboards)? | Q Yes | No |
| If the answer to any of these questions is Yes, please provide plans, drawings and photographs sufficient to identify the location, extent and character of the items to be removed. Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s). | | |
| Every window and door in the property suffers condensation issues during the winter months. The amount of water produced is a constant deterioration factor of the window timber and sills integrity. The water is also contributing to the poor humidity levels in the house; we have a dehumidifier on six hours of the day to help remove moisture from the air and wall dampness. Fitting double glazed windows will help prevent water being generated on the casement window frames and sills. It will also improve the property's energy efficiency rating and thus carbon footprint and contribute toward current environmental concerns. The replacement windows will be made of timber and the exterior paint finish will augment the look of surrounding properties. | | |

 14. Authority Employee/Member

 With respect to the Authority, is the applicant and/or agent one of the following:

 (a) a member of staff

 (b) an elected member

 (c) related to a member of staff

 (d) related to an elected member

 It is an important principle of decision-making that the process is open and transparent.

 ○ Yes
 No

 For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
