Hi Alistair

Thanks for your e-mail - I will send this to our admin team.

Unfortunately they will not be able to process the application unless we have a sketch plan showing the location of the tree.

Issues have arisen where there is more than one tree of the same species in the same garden so we now insist that a site plan is provided with all applications. This is to avoid confusion and to assist with the clarity of information relating to applications published on the TDC website.

As soon as you send a plan or sketch plan to the above e-mail then we can validate your application.

Regards

Clive

Subject: Small Poplar to be re-pollards

Good afternoon Clive, would like to notify you of my intention of re-pollard in a small poplar in the back garden of number 72 third Avenue, Frinton On Sea.

Can you send me a reply to show that email arrived please.

Keep safe and will speak soon with you!

Alistair
