Dear Mr Whitehouse,

I have spoken to Warwick DC planning this afternoon regarding the above application as I had not received any contact regarding the allocation of my application. The very helpful lady I spoke to has given me your name and email address as the Planning Officer dealing with the application above.

When the application was originally submitted, by my Architect Lewis Walters, no drawings were attached to it. Lewis told me there are/were issues with file sizes attached to applications submitted via the online portal. He told me when the application is allocated I would be contacted and asked for the drawings and site plans.

I telephoned Planning at beginning of Nov as I had heard nothing and was advised to send the drawings via email, which I did (see my email and attachments below). From my conversation today it seems my email below may not have been connected to the original email, despite the reference numbers quoted being correct. I am therefore resending it direct to you.

Please let me know if there are any outstanding questions, once you have had a look at the drawings etc.

Kind regards,
Fiona Wallace

Dear Sir/Madam,

Further to my conversation with a member of your team this morning, please find attached the drawings for the above planning application. My architect was unable to attach these drawings with the application on submission, I believe because of file size limitations on the planning portal.

I understand you are running approximately five weeks behind with applications but I thought it might avoid further delay if I submit the drawings to you now.

Yours faithfully,

Fiona Wallace (Miss)
20 Ilex Court, Warwick CV34 4PJ
