Hello,

Can the attached drawing and email be added to dms for NE/21/00074/TPO/ please

Thanks

Erika

Hi Erika,

thanks so much for getting back to me and clarifying those points.

Please find attached the site plan for Hunters Lodge, apologies that T4 was missed off accidentally previously. Is it ok to send to you directly this way or do we need to upload on the planning portal?

We will come back to you regarding the Polebrook Hall information required.

ON a seperate matter, we were also asked to get photos for an application at Tansor Manor, and we havent had time to get over there to do this yet- can that one also go through now without needing the photos please? I attach the letter we were sent on 9th December.

What with our volume of workload and Christmas in the way, plus juggling work with looking after a 1 year old, we simply haven't been able to get back there to take photos.

Do we need to reapply for that one via the Portal, as i realise we have gone past the 28 day mark- or can you help to put that through?

Anything you can do to help would be greatly appreciated.

Many thanks

Lucy Stone

Dear Andrew

I hope this email finds you well

I have had a word with our tree officer and he has confirmed that for application NE/21/00074/TPO/ - Polebrook Hall, we need the location of the Poplar T1. The spec and reason for work are sufficient.

If the trees are in different properties then we must have two separate applications. If they are in the same property then this would not be required.

For the second application NE/21/00078/TCA/ - Hunters Lodge, we need the location of T4 Acer, the reasons and specs are acceptable.

I can confirm that once the above points have been addressed no further information is required to validate this applications.

Kind regards

Erika Davies
