LEVEL 3 GA PLAN
Existing GIFA 842m2 (approx)
1000m2 including circulation voids

Proposed Expansion GIFA at this level: 500m2

SUMMARY OF LEVEL 3 ALTERATIONS

- The extension on this floor follows a similar layout as the floor below with the exception of a staggered building form.
- 2) Within the extension at this level, 5 new classrooms, 3 admin areas. 4 group rooms, and an in-corridor ICT/ library space is proposed.
- 3) The addition of a stair to the right of the plan in proposed to improve vertical circulation.
- Existing openings off the original elevation of the sports hall/ circulation area will require infill.
- A void at the centre of the extension is proposed to help introduce natural light and ventilate the floors below.
- Review existing window types, consider replacement from fixed windows to openable for natural ventilation where required.
- 7) Proposed extension windows to be openable to allow natural ventilation into rooms.
