Scale 1:50

Sign Size

Replace existing painted plywood with new marine ply. Biscuit join panels together and fill junction with appropriate all weather filler and sand to flat. Apply appropriate matt external paint in black to signage header and apply individual white acrylic letters on pin fixings as shown.

Allow for the installation of x3 swan neck black LED lights to illuminate sign

White acrylic logo applied directly to painted marine plywood

Remove existing OSB board to uncover existing louvred vents window. Remove existing window vents and replace with extract grille coloured to match newly painted window frames. Extract grill shall be connected to extract fans serving the WC, servery and kitchen. No frying of foods is to take place in the kitchen.

Existing bus stop sign to be removed.

Existing window frames to be exposed and refurbished. Frames to be made good and painted black.
