Ludloes
Gloucester Street
Painswick
Stroud GL6 6QR

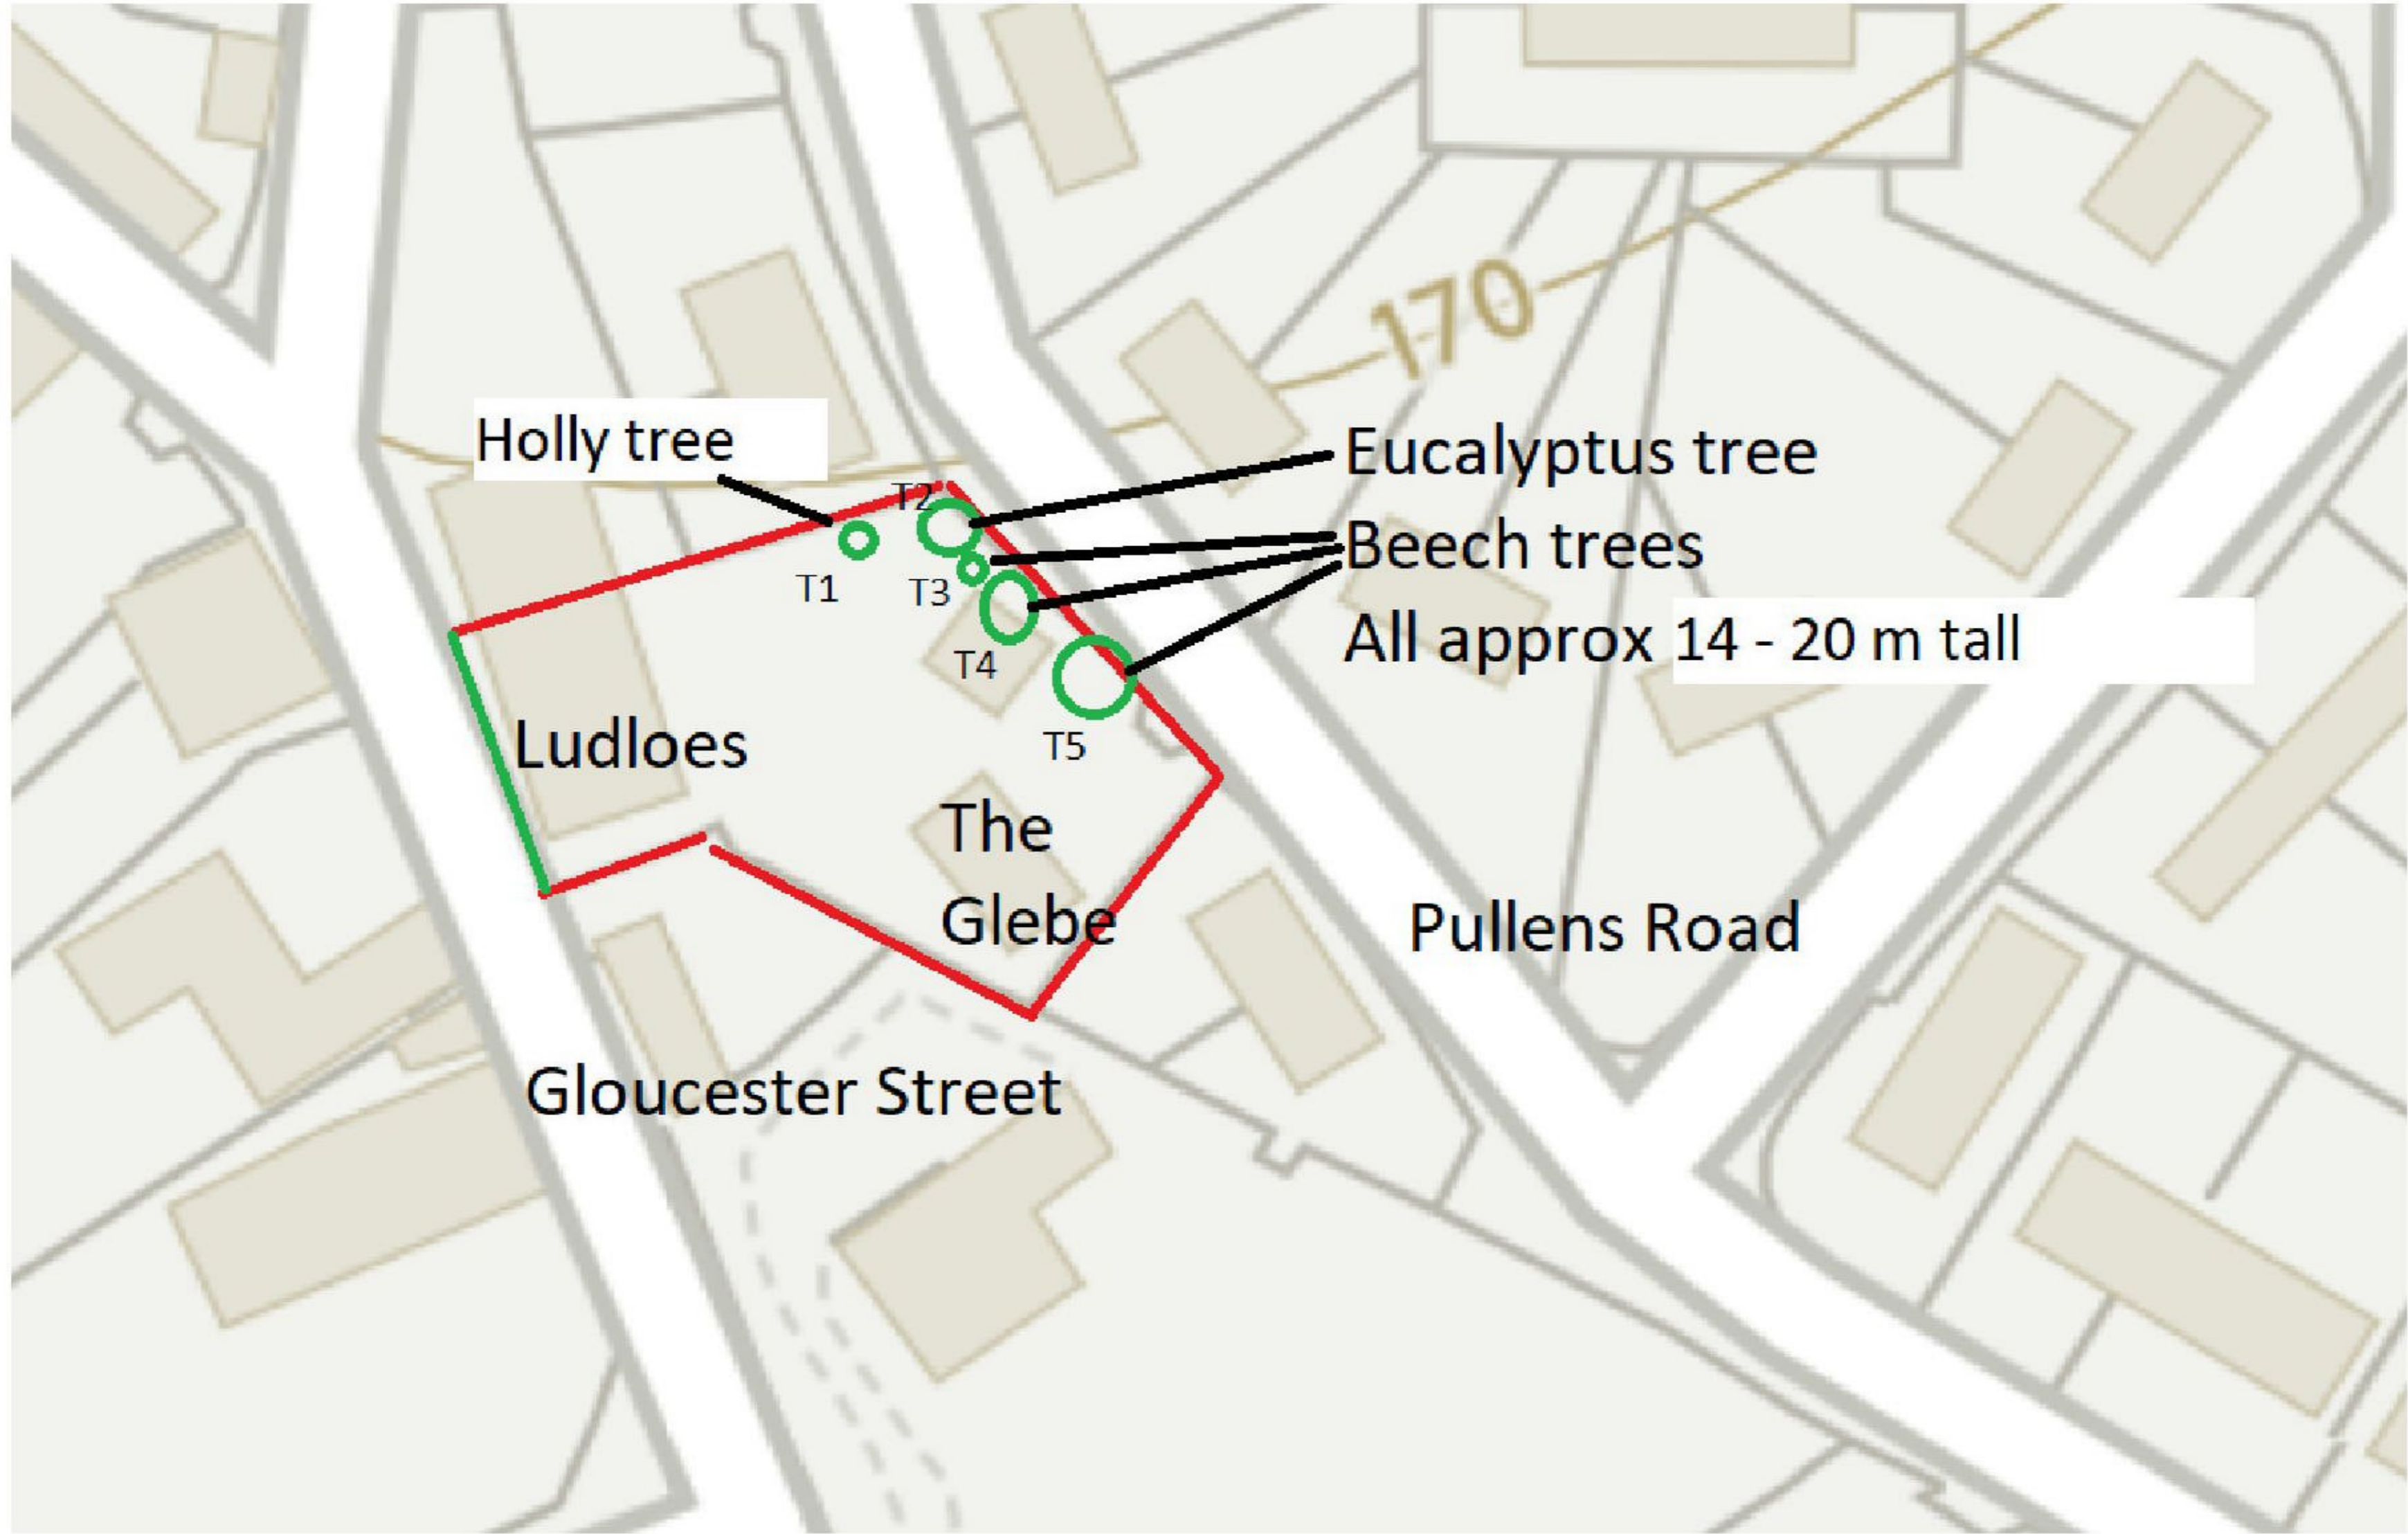

Overview

We have recently purchased the properties Ludloes, Gloucester Street and The Glebe, Pullens Road which occupy a single plot of land between Gloucester Street and Pullens Road. Within the garden, apparently on the edge of the Painswick conservation area next to Pullens Road there are three large beech trees, a large eucalyptus tree. On an elevated position to the north of the garden is an overgrown holly tree.

Maps, photographs and proposal are included below.

Location – adjacent Pullens Road, GL6 6QZ

View from back of Ludloes. Holly tree (T1) to left of picture. At rear of garden, from left to right, Eucalyptus tree (T2), Beech tree (T3) to the left of the garage, Beech tree (T4) and Beech tree (T5) rising above garage roof.

Beech tree 1 – raised position, branches passing through power lines

Beech tree 2 – raised position, next to garage. Branches passing through power lines.

View of fencing/wall along Pullens Road showing the displacement by tree roots.

Section of wall displaced by roots and falling outwards, dismantled to protect pedestrians. Also visible, displacement of footway.

Holly tree (T1) to left of picture, overhanging next door neighbour's drive and encroaching roof.

On right, Eucalyptus tree (T2) – on a very elevated position of banked earth, from next to greenhouse up to the fencing. Branches passing through power lines and telephone line.
